Local Professional Dog Groomer

Hello, my name is Hayley and I have set up my own business as a dog groomer. I have always wanted to work with dogs. My own dog, Clover, would get very nervous when going to the groomers, so this has spurred me on to learn how to groom dogs properly and to provide a calm stress-free environment. For this reason my appointments will not have a finish time as I believe you should work at the dogs pace and if they require breaks, they can.

I am fully qualified to City and Guilds dog grooming level 2 qualification and have my own fully insured grooming salon, situated in Knaptoft near Mowsley and Husbands Bosworth. Any queries or questions please feel free to ring for more information
