## Quotation

Mowing the Green Shearsby 2014

Dear Sirs

We would like to offer a quotation for the Mowing of your Green in 2014.

We can maintain the price of £50. per visit and the frequency of cut largely depends on prevailing weather condition

This year we had a cold April/May and so our usual 4 cuts a month was delayed until July because of cold weather. So who knows what 2014 will have in store

I can do special event mowing i.e. the Music Festival if given notice in advance, but we shall give you the prompt and complete service that you need

Please confirm your decision in writing
