Winter 2017

Renew your garden waste collection service

A reminder for subscribers to the council's garden waste subscription service that the last green bin collection of this year is the week commencing 20 November 2017 or week commencing 27 November 2017 on your **normal scheduled day**, depending on your collection round.

Residents who have already signed up to the council's garden waste collection service can leave out their Christmas tree on their garden waste bin collection day (during the weeks commencing 8 and 15 January 2018) and the tree will be taken away.

For residents currently subscribing to the garden waste collection service their green bin collections will restart, after the winter break from 26 February 2018 until the end of March 2018.

Find out full details of [how to subscribe or renew your subscription for 2018/19 - for £40 per bin per year - on the council's website](#). You will be able to subscribe for next year's garden waste service (for 2018/19) from **2 January 2018**.
