

# Customer Testimonials

"A wonderful service. I wouldn't be without it for the world."

Mrs. Ledlie  
(Broughton Astley resident)

"Very reassuring to know there is always someone who can help me if I fall and cannot get to a phone."

Mr. Mee  
(Market Harborough resident)

"Harborough Lifeline staff are always efficient and friendly."

Mrs. Percival  
(Oakham resident)

## Costs 2015/6

We have straightforward costs regardless of whether you are enquiring for yourself, a relative or a business.

And as we are your local council you can rely on us to be very competitive and **trust us to deliver the care that we promise.**

These costs do not include VAT because, in some instances, it can be claimed back - ask us how.

## Basic Lifeline Package

Installation & demonstration	<b>£50</b>
Lease of lifeline unit, pendant & 24/7 monitoring	<b>£4.40 per week</b>

That's just 62p per day!

As well as maintenance this package also includes a weekly welfare call and up to two weeks of daily calls per year.

## We can also provide key safes!

A safe and secure way of ensuring that the emergency services can gain access to you in your home if your key holders aren't available.

**Free installation when you sign up to Lifeline!**

# Harborough Lifeline

## Local, 24-hour support at the touch of a button

Melton  
Borough  
Council

If you live in Melton Mowbray district and require a lifeline call Melton Borough Council today on 01664 502502. You can lease lifeline equipment from them and, as we work in partnership, you'll still be connected to our control centre each time you call!

01858 464499 or 01858 821076

## Why choose Harborough Lifeline?

We are a local support service that you can depend upon. Provided by Harborough District Council, our control centre is based locally and does not rely on large, out of town call centres like many national companies.

Our service will provide you with peace of mind whilst enabling you to retain your independence.

### What is Harborough Lifeline?

An emergency alarm service for anyone who feels vulnerable or alone, whatever your age or needs.

A lifeline unit will be installed in your home, with a panic button. Additionally you will be given a pendant button which you can wear on a wrist strap or neck cord, allowing you to keep it with you as you move around your home.

### How does Harborough Lifeline work?

When either button is pressed your lifeline unit will call our control centre and you will be immediately connected to one of our team. The lifeline unit is fitted with a sensitive microphone which enables us to have a conversation with you wherever you are in your home.

If the alarm is triggered our call staff will have instant access to the contact details for friends or family and any other important information that you have supplied. This means we can make sure you get the right help quickly.

Our lifelines are quick to install and easy to operate! Once setup they are also very inconspicuous.

## We are here for you 24 hours per day, every day of the year - our promise.

We are passionate about helping people stay safe and independent.

### If necessary we can:

Contact family, friends or a keyholder

Contact your GP or a district nurse

Contact your carers or meals on wheels service

Request an ambulance

Contact the fire service

Contact the police

### Meet some of our team!

Regardless of when or why you need to call us you can rest assured that one of our friendly team will be available to help you!

Iain Gail Jon Joe Mandy Graham Claire Amanda

All of our staff are trained to a high standard and are ready and able to listen and to help you.
