THE VILLAGE PLAN

You will see from the minutes of the Parish Council Meeting that a number of interested persons are helping to draft the Village Plan.

Village Plans are part of the Localism Act of 2011, which seeks to give people more say about the area in which they live.

Our group, chaired by Ralf Dahm, is looking at land and land use within the parish and this week we would like to know your opinion about the questions below.

You can write on this sheet and return it to me at Elmsbrook, Fenny Lane, or to The Mount, Fenny Lane, or email me at movisjeffery@btinternet.com The same questions are also on the Village Website.

THIS WEEK'S QUESTIONS.

1. We want to maintain the character of the village. What does that mean to you?

2. As part of this plan would the village want to allocate any land within the parish for specific purposes?

3. What do you think the village housing policy should be within the conservation area?

4. What do you think the village housing policy should be outside the conservation area?

5. How can we ensure affordable housing within the parish?

6. Would you wish to sanction an extension to the business area on the Saddington Road.
