Data Description

Authority Source:	Leicestershire Fire and Rescue Service
Data Source:	Incident Recording System (IRS)
Other Data Contributors:	None
Author:	S.Pollard (GIS Co-ordinator - Data Management Team)
Date Prepared:	14/03/2017
Date Published:	14/03/2017
Date Range of Data:	01/04/2008-28/02/2016
Description of Data / Scope:	RTC incidents attended by LFRS on A5199 Bruntingthorpe Road/Saddington Road and the Junction of Bruntingthorpe Road and Mill Lane Shearsby.
Assumptions:	Please note that the locations recorded in the spreadsheet and the map are approximate as GPS is not used by LFRS to determine the exact position of the incident.
Restrictions:	In some cases it is not possible to identify the vehicle type involved in the RTC as the details are not recorded.
Quality Statement:	Please note that Leicestershire Fire and Rescue Service warrants that the information provided is accurate as at the date and time of publishing but the Service reserves the right after that date to change, at its absolute discretion, the information provided in any way it chooses including but not limited to deletion and addition without further notice to you.
